# What is Albireo Assist™?

Starting a new treatment can be a time filled with questions, uncertainty—and hopefully some excitement as well. Albireo Assist is here to help all along the way.

Albireo Assist is a patient support program that is designed to help patients and families during treatment with Bylvay™ (odevixibat).

When you enroll in the Albireo Assist program, you will be assigned a dedicated Care Coordinator in your region who will be your primary contact with Albireo Assist, and who will be here throughout your journey with Bylvay.

There is no cost to enroll in Albireo Assist. We're just here to help you navigate the way.

# Financial & Insurance Assistance

- **Helping you understand your health insurance coverage**
- **Financial assistance programs for eligible patients**

## Insurance Assistance

Your Care Coordinator can help make the insurance process easier for you by evaluating your health insurance coverage, and helping with:

- Insurance verification, including benefits, deductibles, and copay or coinsurance.
- Prior authorization assistance, including plan-specific requirements and information about the process.

## Financial Assistance

Because paying for treatment can sometimes be a challenge, Albireo Assist can provide information on financial assistance programs. The type of programs available to you will depend on the type of insurance you have.

Co-pay assistance is also available, with co-pay as little as \$0 for those who qualify.\* Additionally, some patients may qualify for the Albireo Assist Patient Assistance Program. This program is available to eligible patients who qualify based on income and other financial factors.

Your Care Coordinator can provide information on options based on your individual situation.

\*The maximum amount of Co-Pay assistance under the Program is \$20,000.00 per calendar year. See [albireoassist.com/copayterms.pdf](http://albireoassist.com/copayterms.pdf) for full terms and conditions.

# Dedicated, Live Support

- **Access to your dedicated Care Coordinator is just a phone call away**
- **Personalized support from an experienced professional who knows you and wants to help**

When you enroll in Albireo Assist, you will be contacted by your Care Coordinator, who will be your primary contact with the program. Your Care Coordinator has training and experience with the healthcare system and with rare diseases, so they understand the challenges you may be facing.

Your Care Coordinator is regionally-based and is fully dedicated to your case and to helping you along this journey. And most importantly, they are easy to reach and ready to help.

If you have questions about your health insurance, give your Care Coordinator a call. If you are wondering about your next refill, let us know and we'll help get some answers. We're just a phone call or email away.

**8am-6pm ET**

## Care Logistics

- **Connecting you with the right specialty pharmacy based on your benefits**
- **Helping ensure you get your refills on time**

Bylvay™ (odevixibat) is available only through Albireo Assist specialty pharmacy partners. Your Care Coordinator will connect you to a specialty pharmacy who will fill your prescription each month and deliver it directly to you—even if you are traveling or moving.

## Educational Materials and Programs

- **Offering resources to help you and others in your life better understand your/your child's condition and treatment**
- **Providing information about patient support groups, community resources, patient meetings**

In addition to all the services that are part of Albireo Assist, we also offer educational and support resources for patients and their families. These include informative, downloadable materials, as well as links to patient groups.

We're here to help answer your questions or to point you to resources that can help.

# Getting Started with Albireo Assist™

For you to enroll in Albireo Assist, your doctor must complete the Albireo Assist Enrollment Form and you must review and sign the 1-page Patient Consent Form, available from your doctor or from [www.albireoassist.com](http://www.albireoassist.com).

- At the website, you have the option to use the e-consent feature and complete the Patient Consent electronically.
- Or you can print the Patient Consent form and send back to Albireo Assist by fax: 866-853-0479 or email: [help@albireoassist.com](mailto:help@albireoassist.com).
- If you have any questions about the process, give a call at 855-ALBIREO (855-252-4736) 8am-6pm ET.

## Reach Out

Concerned about how to afford treatment? We're here to help. Looking for more information about Bylvay™ (odevixibat)? Just ask.

Your Care Coordinator is ready to help address your questions and get the answers you need.
